Purpose of the form: The Delineation of Physical Assessment Tasks for Non-licensed Research Personnel Form describes the physical assessments tasks assigned to non-licensed personnel.

Responsibility: The Supervisor or Supervising Investigator verifies the competency for the assessment duties assigned to a non-licensed research employee (e.g. includes but not limited to: research assistants, technicians or research fellows not in an ACMGE program). The Supervisor and the research employee signatures attest that no medical decisions will be based on the physical assessments of non-licensed personnel.

1. Submit this form in addition to the Scope of Practice for Research Personnel Form in support of the item: “Performs physical assessment.”

2. Type the employee’s name, credentials, and department in the spaces provided.

3. The Supervisor verifies all applicable assessment task(s) that the employee will perform.

4. The employee signs the Attestation of Non-licensed Personnel.

5. The Supervisor signs the Attestation of Supervisor.

6. Digital signatures are preferred.

7. Submit this form with the Scope of Practice form to the Office of Clinical Research via OCRmail@uthscsa.edu.
